

### Regrind/Reprocessed Granules/Stocklots

Our product range includes regrind materials, reprocessed materials and stocklots of all thermoplastic materials.

We even handle mixed or slightly mixed types of plastics. Send us exact specifications so that we can give you an accurate quotation.

We handle the offered materials packed in a way that is customary in the trade for example granulate bags, big bags or octabins.

We have set our **focus** on the trade of the following polymers:

**Standard Thermoplastics:** HDPE, LDPE, PP, PVC, PS

**Engineering Thermoplastics:** SAN, ABS, PA, POM, PET, PMMA, PC, ABS, PBT

**High-Performance Plastics:** PEEK, PEI, PES, PPA, PPS, PVDF, LCP

### Foils/Films

As dealers of foils we accept all common foil qualities as partial loads as well as full loads.

Common baled goods like 98:2, 80:20, 60:40 foils, construction foils or agricultural foils are accepted as mono-loads as well as combined loads with subsequent individual bale evaluation. Your loads can of course be filled up with strapping, big bags, flower pots, buckets, canisters, PET bottles, etc.

For rolled goods we have distribution channels in Europe as well as in the Far East. Common are printed, unprinted and solid-coloured qualities based on HDPE, LDPE, PP, OPP, PET, PA, among others as well as compound foils like PET-PE, PE-PA, among others.

### Technical Plastics

Because we cannot list all types of plastics that we deal with on our presentation, we have listed the most common types of technical plastics.

We handle the offered materials packed in a way that is customary in the trade for example big bags, octabins or pressed in balles.

We can handle plastics in complete loads in any form and quality.

- Automotive Mix (ABS; PC...)
- ABS; PC/ABS Chrom-Galvanik
- Computer Cases/Monitor housing (ABS)
- Tanks, Pails, Canister (HDPE und PP)
- PC und PMMA (Platten und Teile)
- Lumps (Mix und Sortenrein)
- Trays (PS,ABS...)
- Styropor (EPS)
- PVC (Weich und Hart)
- Strapping (PET, PE...)
- etc...

We are always interested in buying such goods and are happily looking forward to a successful business-relationship with you.
